

DAYBREAK SMOKING AGREEMENT

(Consented March 7, 2010)

At Daybreak Cohousing we challenge and hold each other accountable to thrive and flourish, to honor our beliefs, tend to each other's lives, to make conscious choices to honor our relationship with the earth, and to provide support and freedom to pursue our dreams.

We agree to honor the health and well-being of community members, therefore:

- 1) We value a smoke-free environment.
- 2) Daybreak common areas will be smoke-free.
- 3) Guests and workpeople will be apprised of this status.
- 4) Smokers will be encouraged to be respectful of neighbors.
